PAGE

Allen (E.) on Practical Rating of Electric Incandescent Lamps, The (Discussion) 182
Ashe (Sydney W.) on Accidents, The Application of Educational Methods to the Reduction of .. 349
Ayrton (Mrs. H.) on Searchlights, their Scientific Development and Practical Applications (Discussion) 71
Conditions Determining the Candle-Power and Steadiness of Large Current Arcs for Searchlights. Some Notes on the 78

B

Bailey (F.) on Illuminating Engineering in War Time (Discussion) 22
The Development and Design of Lighting Fixtures in relation to Architecture and Interior Decorations (Discussion) 135
Lighting of Rifle Ranges (Discussion) 271
Bassett (W. J.) on Lighting of Rifle Ranges (Discussion) 269
Batstone (T. C.) on Electric Light Fitting (Review) 320
Blok (A.) on Lighting of Rifle Ranges (Discussion) 256
Blondel (Prof. A.) on Searchlights, A Method for Determining the Range of 85, 153
Brazil (H.) on Lighting of Rifle Ranges 268
Broadberry (A. E.) on Factory Lighting by High Pressure Gas 199
Burt (C. H.) on The Development and Design of Lighting Fixtures in Relation to Architecture and Interior Decorations 130
Bussell (R. C.) on Illuminating Engineering in War Time (Discussion) 25
Practical Rating of Electric Incandescent Lamps (Discussion) 179
Butterfield (W. J. A.) on Practical Rating of Electric Incandescent Lamps (Discussion) 185

C
